

PGF POSTGRADUATE FELLOWSHIP PROGRAM

The CHCI Postgraduate Fellowship Program (PGF) enhances participants' leadership abilities, strengthens professional skills, and produces more competent and competitive Latino professionals. This nine-month paid program offers exceptional Latinos exposure to a network of leaders and unparalleled hands-on experience in a variety of public policy areas, which may include: Child Welfare, Clean Energy, Health, Housing, International Affairs, K-12 Education, Law, and Technology. Participants will complete their first-half placement in a congressional office on Capitol Hill and will have the opportunity to pursue a second-half placement that best matches their policy interests. The range of placements includes congressional offices, committees, federal agencies, the White House, national non-profit advocacy organizations, and government-related institutions. “CHCI has helped me understand who I have always been and who I will become. I gained so much love for myself and CHCI helped me see things much more clearer as to the life I want for myself. On a personal level, I understand how much I value being surrounded by people who reciprocate love and support. Everything else is mediocre and I gained this realization by being myself and prioritizing what I needed to. Professionally, CHCI has helped me find the work that I want to continue focusing on, it has been eye opening to say the least.”
