Dear friends,

I am very proud to report another banner year for CHCI, celebrating our 37th year of serving the Latino community! In 2014, CHCI expanded its efforts to create a pipeline of talent and open the halls of Congress for students to intern and work in government and policymaking. Guided by our founders’ three pillars of success: Educate. Empower. Connect., CHCI had our most impactful year in 2014.

More than 1,700 young Latinos participated in our leadership programs, including the largest number of Congressional interns (93) and the largest number of future leaders attending our programs in Washington, D.C. (155). CHCI also reached more than 7,000 people at its events, 12,000 viewers globally via our Hispanic Heritage Month live webstream, and nearly 15 million via our social media communities. It was truly an exciting year of growth and opportunity for CHCI.

Yet with all this success, CHCI programs and services are needed more than ever. In the past four years alone, demand has increased 150 percent with nearly 76,000 students indicating their interest in CHCI’s leadership programs. Despite this growing demand, CHCI is only able to fully serve less than 10 percent of students who apply each year. And yet, 83,000 Latinos turn 18 every month! Already 25 percent of Americans under the age of 18 are Latino and the Latino population is projected to be 25 percent of the total U.S. population by 2030. Plus, over the next 10 years 74 percent of new entrants to the labor force will be Latino. Your investment in CHCI is more critical than ever to serve this growing demand and secure America’s future.

CHCI’s comprehensive campaign to provide a state-of-the-art new home for CHCI and create an endowment for our programs continued to build momentum in 2014 and has been a great success. I am proud to announce that CHCI has secured a new home that will house our 21st Century Leadership Center in July 2015. I want to thank our Capstone Donors—Time Warner Cable, Hyundai, and Entravision—for sharing our vision and for following in the footsteps of our Cornerstone Donors—Anheuser-Busch, Bank of America, Dell, PepsiCo Foundation, State Farm®, and Toyota. Again, I want to thank Dell for its tremendous support in providing first-class office space so we could continue our great work in the interim.

I want to thank our immediate past chair, Rep. Rubén Hinojosa, for his commitment to CHCI and for taking the organization to new heights. The success and growth we have experienced the past two years are in large part due to his involvement in all aspects of CHCI’s work to ensure our programs served more Latino youth.

On behalf of CHCI’s Board of Directors, Advisory Council, accomplished alumni, and dedicated staff, I thank you for your continued support of our mission to Develop the Next Generation of Latino Leaders®.

Sincerely,

Esther Aguilera
President & CEO

Programs Overview

For 37 years, CHCI has educated, empowered, and connected thousands of bright, talented, and promising American Latino youth with programs and services designed to provide them with unparalleled leadership opportunities. With profound U.S. demographic and economic shifts expected to continue, it has never been more critical to expand our important work and offer programs that encourage college enrollment and completion, and spark an interest in community involvement to prepare the future leaders of our great nation.

CHCI’s resources and programs effectively serve a pipeline of young Latinos—spanning from high school students to post-graduate professionals—and are focused on educational attainment and college access (EDUCATE), professional and leadership development (EMPOWER), and networking with powerful Latino leaders (CONNECT).

CHCI NextOpp – Expanding CHCI’s Reach

In 2014, CHCI replaced our popular National Directory of Scholarships, Internships, and Fellowships for Latino Students—the only publication in the United States that provided a comprehensive list of scholarships, internships, and fellowships targeting Latino youth—with the launch of CHCInextOpp.net, a powerful, easy-to-use online database for students, parents, counselors, and education providers. This new online tool allows users to search for opportunities based on their unique profile, location, and interests. The site also provides helpful reading materials to further educate users about the college-going process. Since its launch in October 2014, the site has drawn nearly 13,000 unique visitors.

Scholarships – Funding College Dreams

In 2014, CHCI helped 148 low-income, Latino college students continue on their paths to becoming highly educated Latino leaders. Since its inception in 2001, CHCI has invested over $5.3 million in scholarships for the Latino community, awarding over $4.5 million in scholarships to nearly 1,600 students and distributing nearly $800,000 worth of in-kind computers and software to community college and first year undergraduate students.

12% of 2014 scholarship recipients were DACA students
86% came from households with annual incomes less than $45,000
99% were Pell Eligible

Ready to Lead (R2L®) – Inspiring a College Education

R2L®, CHCI’s college readiness program, was held in seven cities in 2014 to educate Latino high school students about the importance of achieving a college education. Nearly 1,400 students visited local colleges for one day, attending interactive workshops, which included financial aid information, college admissions, mentoring sessions with CHCI Alumni, and motivational speakers.
R2L® NextGen – Sparking Civic Engagement

2014 marked the fourth year of this youth leadership experience, which brought 40 low-income Latino high school students from select U.S. cities to Washington, D.C. for five days, all expenses paid. During the program, students enhanced their leadership skills, learned about public policy and legislation, met with influential Latino leaders, visited historic sites, and explored their Hispanic heritage.

“CHCI gave me the confidence and reassurance that my voice really does matter and it has the power to make a difference!”

Jaime Gonzalez is a true example of perseverance. Jaime’s parents came to the United States in pursuit of the American Dream, but he lost his father to illness at a young age. He is focused on helping his family come out of their present economic hardship by obtaining a college education while also giving back to his community.

97% of all eligible R2L® NextGen participants graduated from high school and 93% are now enrolled in college.
Congressional Internship Program
In CHCI’s summer and semester internships, promising Latino undergraduates gained firsthand experience in public policy by working in congressional offices, benefited from weekly leadership development sessions, engaged in timely discussions on issues affecting the Hispanic community, and through community service projects, learned the importance of citizenship. In 2014, CHCI hosted 93 interns—the most in CHCI’s history.

Public Policy Fellowship Program
In keeping with our founders’ vision, CHCI’s 2014 Public Policy Fellowship program brought 12 talented young Latinos to Washington, D.C. for this prestigious nine-month paid fellowship. These gifted individuals excelled in their placements and were empowered to become future policymakers through their firsthand experience in the national public policy arena.

Graduate Fellowship Program
CHCI’s Graduate Fellowship Program offered 10 exceptional emerging Latino leaders the opportunity to immerse themselves in the following public policy fields—education, health, housing, law, and STEM. In April 2014, the graduate fellows prepared and presented a public policy white paper on Capitol Hill during the annual CHCI Young Latino Leaders Summit Series. Subsequently, three of the papers were published by The Harvard Journal of Hispanic Policy, demonstrating a deep comprehension of the pressing issues that are impacting the Latino community.

Our participants say it best! Our 2014 classes reported that their desire to be active in community service projects and volunteer opportunities increased by 110%, while their desire to participate in social activities to promote the common good increased by more than 200%. Check out these other great results:

Interpersonal skills 100% • Critical thinking skills 93% • Advocacy knowledge 100%

CHCI’s curriculum improves PROFESSIONAL SKILLS and creates individuals that are SOCIALLY COMMITTED.

Building Our Future, Together

CHCI’s 37th Annual Awards Gala on October 2, 2014 marked another milestone for CHCI’s Building Our Future, Together campaign. As a part of the gala, CHCI celebrated generous, multi-year gifts from capstone donors, Time Warner Cable, Hyundai Motor America, and Entravision, which will deepen the breadth and reach of CHCI’s leadership development programs.

The capstone donors, joining CHCI’s six cornerstone donors from last year, are ushering in a period of expansion for CHCI and the availability of programs for thousands of high school, college and post-graduate students nationwide. Last year’s six cornerstone donors were national and international titans PepsiCo Foundation, Toyota, State Farm®, Bank of America, Anheuser-Busch, and Dell. Together with Time Warner Cable, Hyundai Motor America, and Entravision, these companies have invested nearly $11,000,000 in CHCI’s Building Our Future, Together campaign.

“Over the last 16 years, CHCI has grown from serving 46 students to reaching more than 1,700 students in 2014. With the projected growth of the Latino population, these programs are more important than ever,” said Rep. Rubén Hinojosa. “The support of partners like Time Warner Cable, Hyundai Motor America and Entravision is critical to ensure that students have the opportunities they need to succeed in school and the workplace. Together, we are building the workforce and leadership of tomorrow.”
