

CIP CONGRESSIONAL INTERNSHIP PROGRAM

“Very few of us get to walk the halls where law is made and therefore carry a tremendous responsibility of being ambassadors for our communities. As a Latino interning at the United States House of Representatives, I am able to bring my own perspective to the table.”

The CHCI Congressional Internship Program (CIP) provides college students of any major with a paid placement in a congressional office for a period of 12 weeks (Spring/Fall) or 10 weeks (Summer). Promising Latino undergraduates from across the country are selected for this unmatched leadership training program. Students gain work experience, participate in community service, and receive educational and professional programming provided by CHCI.

Applicants to the Congressional Internship Program must be enrolled full time and working towards their undergraduate degree. Students are not required to enroll in classes during their internship and cannot have completed their bachelor's degree prior to participating in the program.
