CONGRESSIONAL INTERNSHIP PROGRAM

The CHCI Congressional Internship Program (CIP) provides college students of any major with a paid placement in a congressional office for a period of 12 weeks (Fall) or 10 weeks (Summer). Promising Latino undergraduates and recent graduates from across the country are selected for this unmatched leadership training program. Students gain work experience, participate in community service, and receive educational and professional programming provided by CHCI.

Applicants to the Congressional Internship Program must currently be enrolled full-time and working towards their undergraduate degree in the academic period prior to participation. Recent graduates who graduate in the term immediately prior to the program session may apply. Students are not required to enroll in classes during their internship.

"My experience was eye-opening to the processes of work on the Hill. Learning about the realities of Capitol Hill humanized the methods legislation is passed and decisions are made. These experiences only help to expand Latino citizen democracy and improve the health of our diverse Republic. "
